

COVID OFFICE PROTOCOLS

Due to the recent COVID pandemic our office is following new protocols. We are utilizing mobile check in at this time. Upon arrival to your appointment, please call our office at 919-947-0800 once you have parked in one of our numbered parking spots. A series of questions related to COVID will be asked at this time. (1. Have you or anyone in your household been around anyone that has tested positive for COVID-19? Have you been around anyone that has any symptoms of COVID-19? 3. Have you traveled within the last 14 days? 4. Does the patient have any cold like or flu like symptoms?) All patients and parents are REQUIRED to wear a facemask or face covering of some sort. We are only allowing one parent to accompany the patient at this time. (Siblings/family members without an appointment will not be allowed in the office during this time) In addition, any patient 9 years or older will go to the treatment area by themselves and once the appointment is over the assistant will walk them to your car at your numbered parking spot to review the appointment.
